

SIMAD UNIVERSITY
MIS PROJECT 2024/5 (BIT28 A/B)

Management Information Systems are important for organization wellbeing, therefore, to understand how it works is essentially important.

To test your level of understanding:

1. define and explain the following system your given system
 2. elaborate how the above system works in enterprise systems with examples.
 3. what will happen to the emprise system if this system stops working?
Why did you say so?
 4. prepare a report for your answers containing a minimum of 5 pages,
1.5 line spacing, font size 12, Times New Roman Style.
 6. submitting day is on Dec 20, 20
- 24 and late submission have no marks on their assignment.

Systems and group concerned are as follows:

BIT28-B MIS ASSIGNMENT GROUPS

Groups	Group	Topic
Abdifatah Said Abdirahman Osman	GROUP A	Transaction Processing System (TPS)
Abdikafi Ahmed Gesey		
Abdisalan Abdullahi Mohamed		
Mohamed Ahmed Mohamud
